~~CONFIDENTIAL~~

1. Old silver and lead mines at Nova Ves pod Plesi (Pribram district) are being reopened because they are thought to contain uranium. The former sanatorium at Nova Ves reportedly is to be used as billets for the miners.
2. A repair shop for jet-propelled Messerschmidt planes is located at Korosekach near Ceske Budejovice (049/296). The radar apparatus at the site is being repaired and new construction is taking place.
3. A radar range finding installation has been completed on top of Trebosna near Pribram (N50/L53).
4. Six carloads of iron anti-tank barriers arrived at Ceske Kubic (Bohmisch Kubitz - N50/U79) and were distributed to surrounding localities on 18-20 September. Similar barriers came to Domazlice (Taus - N50/P70) at the same time.

This document is hereby regraded to
CONFIDENTIAL in accordance with the
letter of 13 October 1997 from the
Director of Central Intelligence to the
Archivist of the United States.
